THE CITY MEETS THE TOWN

It is always a great pleasure to welcome to the Prince of Wales stadium our rival, Gloucester, together with their enthusiastic followers.

In recent times, Cheltenham have struggled to reproduce their form of some years ago, but all the matches have been played in a friendly spirit and we are sure that this will continue in the future.

The Town are in the middle of fulfilling some tough fixtures, and three games of this calibre in five days has stretched the resources on the playing side. We must thank our teams for their tenacity in meeting several of the top clubs in the country, in quick succession,

Following tonight's match we meet Bath on the stadium on Friday night (k.o. 7pm), with a rest for the premier side on Saturday.

We hear congratulations are due to Nigel Smart on the birth of a baby son.

Our sponsors tonight are:

**C&G Cheltenham & Gloucester
Building Society**

We are very grateful for their support and we hope they will have an enjoyable evening with their guests.
