Today we welcome the famous Gloucester team to our ground for the first time. It is of some interest that we were due to play our visitors today in the Season of 1939/40, but Hitler of course decided otherwise. We take this opportunity of welcoming them to Redruth with the hope that they will have a thoroughly enjoyable game, and will come to us again in future seasons.

The games with Bridgwater and St. Ives were both quite entertaining, particularly the St. Ives match, when both teams threw the ball around and produced a very good standard of Rugby. We won both games quite comfortably and this paved the way for the all important duel with Camborne on Saturday. Our well deserved win at Camborne provided us with a very hard earned record in not having been defeated by any other Cornish Club this season. This is a great achievement and the team deserves the congratulations of our supporters for an outstanding performance, which incidentally no other Cornish Club has equalled in the post-war period. In fact the last team to accomplish this was Redruth in the 1938/39 Season, but our present team have achieved another unique distinction in not having been beaten in an away game this Season, which is probably an all time record for the Club.

Vice-Presidents and Members are reminded that nomination papers for the election of next year’s Committee are available at the Stand Pay Box.
