#### **TIGER TOPICS**

##### **OUR VISITORS**

We first played Gloucester in the 1891 season and, except for the war years, have played them regularly ever since. They are therefore very old friends and are very welcome here today.

Our visitors are having an average season and their record is very similar to ours having won 11 and lost 10 games, 238 points for and 271 against.

Since the last war at Leicester we have won 13 and lost 5 games but at Gloucester the record is very different and we have only beaten them three times in 18 games. However, it is always a close and enjoyable struggle and we are looking forward to such a game today.

##### **HOME NOTES**

We extend our heartiest congratulations to Nick Drake-Lee and Bob Rowell on their selection for England versus Wales at Cardiff next Saturday.

Unfortunately Mike Harrison, our Captain, was injured last Saturday. We hope he will shortly recover as his services will be sadly missed.

##### **STRAW**

Our Committee wish to extend heartiest thanks to those members and other supporters who gave their assistance in laying the straw and clearing it on December 28th and thus allowing the excellent game versus the Barbarians to be played.

Any members of the public who are able to move the straw are welcome to it free of charge.

##### **PLAYERS' DANCE**

There will be a Players' Dance in the Clubhouse tonight commencing at 8 p.m. Pay at door.

##### **BRITISH RED CROSS SOCIETY**

The collection made by the Red Cross outside the ground on December 28th totalled £51 6s. 8d.

##### **FLOODLIT MATCHES**

You are reminded that the game versus Loughborough Colleges on Thursday, 11th March, and versus Royal Air Force on Friday, 19th March, will be under floodlights. Kick off 7.15 p.m. in each case. In addition a game will be played under floodlights versus Northampton on a date yet to be agreed.

R. E. GERRARD, Hon. Secretary.
