## CLUB NOTES

A special welcome to a full strength Gloucester team. This fixture has, for years, been practically ruined through clashing with county matches. At long last it has been rearranged and today both teams are able to field their best teams.

After an exhilarating start to the season, 60 points being scored by our First Team, scored as a supporter said, "in Barbarian style," we look forward to further free scoring in todays game.

Next week provides a feast of rugby - on Monday we have as visitors Oregon State University and it will be most interesting to see how the boys from the United States are developing in the game. We have a very useful Nighthawk side and this includes some of our new players.

On Tuesday the Extra Firsts play a combined Old Veseyans
