---

---

THIS evening we welcome our English visitors Gloucestershire. In recent seasons they have had the edge over the Monmouthshire side, and after their resounding win last season they went on to reach the County Championship final, a fine performance which we feel sure they will want to repeat, but this time they will hope to win the Championship, especially as this season is the Centenary year of the Rugby Football Union.

We look forward to our usual good game.

The County Committee wish to express their sincere thanks to the Newport Club, for the use of their ground, and their excellent facilities.
