It is with pleasure that we extend a welcome to Gloucestershire (English Counties Champions) tonight. They always give sound displays of rugby and are certainly expected to go all out to impress this evening.

To Newport R.F.C. we are greatly indebted, for their kindness in permitting this game to take place, in view of the general state of grounds throughout Monmouthshire.

It might be interesting to spectators to note that this match is the Final Trial for Gloucestershire prior to their game with Japan at Bristol on 22nd September, 1976.

T. C. JAMES
