Captain: P. FORD

Today we welcome Gloucester one of our regular English visitors who are a strong West Country Side. Unlike most other English Clubs from England, they prefer the more rugged and hard type of game. Their fullback Don Rutherford, who is in this seasons International Side will be well known to you as also will Peter Ford the International blind side forward. The Captain and inside half Mickey Booth is a county and trials player.

Having suffered two away defeats in quick succession we hope that Swansea will pull something out of the bag and give their supporters some well deserved encouragement.
