The 4th Reserves, who have been given special permission to visit Gloucester to play two matchers, are stationed at Seaton Delaval (Northumberland), and hold an unbeaten record for last season and this. The side, captained by Fred Webb, the Gloucester and County three-quarter, play good, open football, and the match should prove a big draw.

The Gloucester Committee, profiting by last Saturday's experience, have made better and more adequate arrangements for regulating the admission of spectators to the ground.
