## GLO'STER v. ABERTILLERY

Gloucester were engaged in the last match of the season at Abertillery to-day.

Owing to the County Championship final, the City were represented by practically a reserve fifteen, and though a useful lot of players made the journey, it was too much to expect the side to prove successful on a ground where Gloucester had never gained winning points.

## THE GAME

The weather conditions were ideal when Morris kicked off for Abertillery. A high kick by Gilwern Jones took play to the Gloucester 25.

Following beautiful passing by Dando, Williams, Greenough[sic], Fahmy and Evans[sic], the doctor was nearly over in the first few minutes. A moment later if Williams had not held, a score might possibly have followed. Dando tackled Collins, but an unsuccessful drop at goal by Fahmy brought the visitors relief. Again the home three-quarters continued beautifully, Fahmy knocking on.

Such brilliant work among the backs was bound to bring good results, and following another splendid passing movement Cecil scored wide out. Fahmy failed to convert from a difficult angle.
