**F**RANKLIN'S Gardens has become almost a second home for Cherry & White fans, having made no fewer than four trips here last season. The four games represented three different competitions: the Cheltenham & Gloucester Cup, the Tetley Bitter Cup, the C&G again in the final against Bedford, and the Allied Dunbar premiership.

Gloucester's record was two wins, two defeats. Gloucester have a marvellous record in the league here (see page 15 for full details), having won at the Gardens in each of the last two seasons. This season Gloucester currently share third place with the Saints, Saracens and Wasps. Their major summer signing was New Zealander Simon Mannix, who fell out big time with Sale last season. In May

he qualifies by residence for England and has stated his intention to challenge Paul Grayson and others for the No 10 jersey. A player due to move the other way this week is England hooker Phil Greening, who originally carried a £100,000 price tag on his head but is believed to be going north for around £30,000 to link up with England and Sale coach, John Mitchell.

## GLOUCESTER STAR MAN: PHILIPPE SAINT-ANDRE

**P**HILIPPE Georges Saint-Andre signed for Gloucester in May 1997 and signalled the end of the Cherry & Whites as a club solely reliant on homespun talent. Director of Rugby Richard Hill embraced professionalism by introducing foreign flair into the back division to back up the renowned forward power. Saint-Andre captained France in 29 successive internationals from the wing, starting in 1994, but he is remembered mainly for finishing off one of the great tries, at Twickenham in 1991, after a counter attack from their own line.
