### SOUTH-WESTERN CHAMPIONS

The County team, by virtue of their victory over Cornwall at Redruth, are worthy holders of the divisional championship.

Can they repeat the performance of previous years and gain the County championship? I think so, but they will have a stiff hurdle to surmount in either Kent or Middlesex, as both counties have very strong sides.

It was a real mudlark, and after a terrific struggle Gloucestershire retired victors by a single point – 2 tries to a converted goal.
