

GLOUCESTERSHIRE CHRONICLE

MARCH 8, 1902.

FOOTBALL AND ATHLETICS.

In the International Trial Match at Weston-super-Mare, on Saturday, the English team beat the Rest of England by the large score of 24 points to 3.

Here we would enter our protest against the action of the Rugby Union making a catspaw of the Gloucester Club, as they call upon one or two players without the slightest likelihood of their being selected for International honours, while the City Club place their own record in jeopardy. It therefore behoves the Gloucester officials to put their foot down, and prevent their players being made stopshorts for the Rugby Union.
