FOOTBALL

Gloucester put up a fine performance at Oxford on Saturday, when they drew with the University, one try each. Tanner, who returned to the City team after two months' absence with a damaged heel, scored for Gloucester, and Jackson for Oxford.

The University played the same fifteen which on the previous Thursday had obtained a dramatic win over Major Stanley's team, which included eleven Internationals. The City forwards played a splendid game.

To-day Gloucester meet Blackheath at Kingsholm; and the first English trial was played at Sunderland.
