RUGBY NOTES.

The teams of two clubs, famous in the annals of Rugby Football meet this afternoon on this historic enclosure, memorable for many great Rugby games in the days that are gone. It is particularly fitting that the resumption of club football at Kingsholm should be marked by the meeting of these two great Gloucestershire Clubs, firmest of friends and keenest of rivals.

The old colours are seen again, and how we welcome them! That the future of the Gloucester and Bristol Clubs will be at least as bright as their past will be the wish of all keen followers of Rugby Football.

At the request of the Gloucester Rugby Football Club, the Gloucester and District Schools Rugby Union has undertaken the responsibility for the Programmes at Home Matches. The Club has generously offered to share any Programme profits equally between the Schools' Union and the Local Clubs.

As the season progresses it is hoped that the Programme will include notes that will be of interest to the patrons of the Club.

We congratulate Harold Boughton on his captaincy of the Gloucester team to-day. The duties of captain are not new to him, for he has captained his School, the Gloucester Boys XV., Gloucestershire Boys, West of England Boys and the English International School-boys XV.
