Sending a postcard home from Kingsholm

Imagine that you are a rugby loving foreign tourist or a local person who has never seen GRFC play. It is your first visit to Kingsholm for a match and you have heard all about the atmosphere, especially in the Shed! Write a postcard to send to your family or friends telling them all about your experience. Mention before, during and after the match. What would be interesting or different for a tourist visiting the United Kingdom, or someone experiencing their first match at Kingsholm?
