

## Making your own GRFC rugby player word search

Below is a blank word search grid. You need to use the Gloucester rugby club website to research the names of the current playing squad and then make your own word search below.

This image shows a full page of blank graph paper. The grid consists of small, equal-sized squares formed by thin, dark gray lines. There are 20 columns and 20 rows of these squares, creating a total of 400 individual square units. The background is white, and the grid covers the entire area of the page without any margins or additional markings.[illegible]
