

Designing a badge to represent GRFC and fair play

In the space below, design a badge to represent GRFC and fair play in rugby. The idea is that anyone watching a GRFC match must wear this badge. So, for example, it could show good spirit and fair play, which could encourage all spectators to show respect for one another, the game of rugby, and the referee and officials for GRFC. This would help spectators to become positive ambassadors for the game of rugby.
