NOTES.

We welcome to Salisbury to-day, a team representing one of the oldest in the Rugby County Championship, and a tradition in the Rugby world second to none, and we are honoured to be playing in an area with such redoubtable opponents. We feel they will make us give of our best, if we are to get to the final this season.

There is no doubt, as shown by the trial game on September 22nd, that we have a wealth of talent available to be called on for reserves and for future development, so we commence our second season in the Championship full of optimism.

New members (10/6) and Vice Presidents are cordially welcomed to build the Union to greater efforts.

Hon. Match and Team Secretary,
