## County Notes

All followers of Rugby in Devon will to-day extend a hearty welcome to the Gloucester XV. The meetings between the two Counties have always produced excellent games and the last time they met at Exeter in 1946, it was a draw. The County Championship games in the S.W. are now in full swing and much depends on the matches played to-day. The result of this match at Exeter will have a big bearing on the ultimate Championship of the S.W. Gloucester have won 2 matches, Devon have drawn the only one played, Somerset have won 1 and drawn 1, Cornwall have lost the only one played to date, and Wilts and Dorset have lost 2.

### Forthcoming County Matches :
