GOOD AFTERNOON

To-day, from the Cathedral City of Gloucester, we welcome a team of men who have been chosen to represent one of the most flourishing Rugger Clubs in the country. With a membership numbering nearly 2,000 it can well be seen that Gloucester is a real Rugger stronghold. Up to the time of writing they have played one match against Lydney and drew 3—3 against this tough local team from the Forest of Dean.

Unfortunately, once again Willie Jones, their fly-half and prolific drop-kicker, is unable to turn out. This time it is not because he is enjoying the sun by playing cricket, but because this "rough" summer sport has taken its toll and caused a chipped bone on his knee. It appears unlikely that he will be playing Rugger for some little time.

Included in the Gloucester side are, however, Gordon Hudson, their Captain, who played for England against the Kiwis in 1947, and Bill Hook who was reserve full back for England in all the International matches last season.

Ten players out of their XV have appeared for the County and so, with such a fine reputation and record to maintain, we eagerly await to see whether this afternoon they have met their match in Moseley.
