Club Notes

The Visitors.

Today we welcome Gloucester to Stradey. They are always attractive visitors and although it is yet still early in the season they have already built a formidable record.

Such good form is doubtlessly due to playing the type of rucker we all like to see and a treat should be in store as a result of today's meeting between the Clubs, adding to which the very welcome return to form by the "Scarlets" must be mentioned.

Supporters at Stradey, and many countless friends outside the district, have waited a long time for a "Scarlets" revival and it is to be hoped that the brilliant displays against Swansea and Newport were not "flashes in the pan."

In deciding upon the full and complete revival of the local team today's game must be regarded as a crucial test and it is our wish, naturally, that the "Scarlets" will pull through.

The result is not, of course, so very important. It is the game that counts and if we are to be treated to good play, such as we have seen in recent games, then there will be few grumbles.

Good luck, both sides.

Twickenham.

If you are interested in the England v. Wales game, your enquiries at the Supporters' Club Hut will be welcomed and dealt with. T.D.H.
