## Club News

TO-DAY we again entertain Gloucester on the first game of their Cornish Tour. We hope they will enjoy the game and have a very happy tour.

We had a very enjoyable week-end in Wales and although the results were against us our boys put up two splendid games and gained a host of admirers with the type of ruggar they played. The hospitality showered upon us was really splendid and everybody arrived home in the early hours of Tuesday very tired but happy. We had several injuries which upset the side on Monday evening but trust most of them are fit to take their places to-day. It was unfortunate our Skipper was unable to help us in either game in Wales, but to-gether with Hunt he gave the boys plenty of vocal support.

Don't forget the game with Newport on Tuesday evening next, kick-off 6.15. This is our last match of the season.
