NOTES—We are delighted to welcome Gloucester this evening to bring the season to a close. Our famous guests have enjoyed an outstanding season, and a splendid game is anticipated. Unfortunately our team has suffered a spate of injuries during the recent heavy match programme, coupled with hard grounds, so the return of Cliff Periam is especially welcome. Also we extend greetings to Maurice Garratt whose assistance at a time of need is appreciated. We take the opportunity of thanking playing members for their efforts to provide entertaining rugby, and to everyone who have supported the club during the season. Au revoir until next September when Welsh Academicals open the 1952/53 season.
