PIRATES SUPPORTERS' NOTES

GLOUCESTER

In brilliant weather we handsomely beat Barnstaple on Saturday, the game ending with a fine spate of scoring. 5 wing tries came from Geoff Vingoe (3) and Graham Nicholas (2) with two excellent conversions by Alvin Williams. Tonight we expect a very special brand of rugby from Gloucester, our noted visitors.

One recalls that Gloucester, almost exactly three years ago, beat us when the stand was officially opened, and it would be fitting in this record season, if we reversed the result.

FLASHBACK—1946.

Ten years ago to the day, the Pirates ended their first season, winning 13 of 34 games.

Some readers will recall incidents and personalities of that period; in that last game of 1946 Barry Rogers played his first game on the wing (and scored), Jackie Williams dropped a goal and Ben Batten scored a try, the last of the season—as he had opened with the first.

It is a matter of interest to recall that the average attendance in 1945-46 was 1,300.

Programmes for the Seven-a-Sides are now on sale at 6d. each. Full particulars are contained in this attractive Souvenir.

Rover Stand Tickets at 2/6 each may be obtained from the Hon. Secretary, G. L. Mabbott.

This competition will be played on the Camborne and School of Mines grounds and these tickets admit you to both Stands.
