OUR VISITORS

We are very happy to welcome Gloucester here today. Their record this season is won 9, drawn 5, lost 9.

Since the war, at Leicester we have won 10 and lost 4 games, but at Gloucester the record is very different, and we have only beaten them twice in 15 games. However it is always a close and enjoyable struggle, and we look forward to such a game today.

HOME NOTES

We were all thrilled and delighted to learn that Mike Gavins has been capped for England against Wales a week on Saturday; on your behalf I heartily congratulate him on this well-deserved honour and wish him the best of luck.

Congratulations too to Trevor Allen, who last week played his 20th game for the Club and so becomes an Old Player.

I am glad to report that Albert Chilton is making very satisfactory progress and we look forward to having him back soon.

R. J. BARR, *Hon. Sec.*
