Thursday, 6th September, 1962.

GLOUCESTER R.F.C. Founded 1873. President: Arnold Alcock, Esq., M.B., B.S. The Gloucester R.F.C. since its foundation has been like so many West Country clubs—an intensely local club. The tremendous successes of the club in the twenties and thirties were founded upon the efforts of Gloucester men bred and born; men of the calibre of Arthur Hudson, an old International now in his sixtieth year with the club, Tom Voyce, International and President of the Rugby Union 1961, and Graham Parker. These are but three of the nineteen Gloucester men who have been awarded their International cap.

The club fixture list in those early days although limited in area yet contained Welsh clubs and traditionally the "Battle" of the Severn continues against leading Welsh clubs. It is probably as a result of these encounters that the Gloucester club has built up its reputation of being a difficult side to beat, a reputation which has made them one of the leading sides in the West Country for many years. While not always being well served behind the scrum, the Gloucester pack has always had a formidable reputation but this year with Mike Booth, ex-R.A.F. scrum-half, as captain a determined effort to use the ball behind the scrum may be expected.

The following clubs have already taken part in this year's Festival:

BRISTOL F.C.—One of the leading sides in the West Country, claiming the distinction of providing England with two captains: J. S. Tucker and L. J. Corbett.

ROUNDHAY R.U.F.C.—Founded in 1924 and now one of the most eminent and successful clubs in Yorkshire and the North of England.

LONDON WELSH R.F.C. Founded 1885. President: Viscount Tenby, P.C., T.D.

WARWICKSHIRE RUGBY FOOTBALL UNION. Formed 1914. President: J. L. Giles, former captain of Coventry, Warwickshire, who played for England and British Lions as scrum-half.
