NEWBRIDGE V. GLOUCESTER

PROGRAMME

Nº 044

SATURDAY 27th. NOVEMBER 1965

We extend a warm welcome to Gloucester to-day, and for the second week running, have the pleasure of meeting an English Club. One of the strongest clubs in the Country, Gloucester will provide as tough an opposition as Newbridge has encountered this season. Many Gloucester players are regularly selected for the County side and as these County matches in England are played on Saturdays, the side is frequently weakened, this being so last season when the two teams met.

Many of the Newbridge side are of County calibre too, and the five selected to play against Glamorgan next week, deserve the recognition given them. The whole team are now settling down as a unit, and with some good wins under their belts, a positive climb up the unofficial championship table is assured.

John Worwoods' 'try' last week is worthy of mention, we hope it is the forerunner to many more. Aneurin Evans will be welcomed back by many of his fans and the good news of Arthur Hughes and Ken Broder, who will be playing for the Seconds after their injuries will delight many more.

The Supporters Club would like it known that they wish the names for the London Welsh trip to be handed in as soon as possible, also buses will be run to Bridgend on December 13th.
