Club Notes

This is the fourth attempt to wish you all a happy New Year, and more good Rugby in the second half of the season. We ought to see some today, and we welcome the very strong Gloucester club to the Memorial Ground. They are playing very well, and one of their best performances was to draw with Cardiff away from home last Saturday. They beat us at Kingsholm earlier this season and we shall be going all out for revenge.

Quite a lot has happened since the first XV last appeared at home, and some congratulations are due. First, to John Pullin on having gained his first English cap, then to Mike Titcomb, the Bristol referee, on his appointment to the Wales v. Scotland game. And also to the Bristol side that beat Aberavon away, when so many first choice players were playing for Gloucestershire. We will say little about the County Championship quarter-final. No doubt you have seen the In Memoriam notice to the selectors!

Listen at half-time for the winning programme number. The prize of £5 can be claimed in the pavilion after the game.
