NOTES

As the 1965/66 season draws to its close Lydney again look back on another good series of results broken only occasionally by unexpected loss of form. Tonight's match is always the highlight and Lydney will be eager as always to topple Gloucester. Despite some surprising reverses of late our visitors will no doubt be showing their usual stiff opposition to such a happening.

Our spectators tonight will be glad to join with the Club in offering our delighted congratulations to Trevor Wintle on his long overdue selection for England. Let us hope that this was the first of many excellent games. We also offer our sincere best wishes to Don Rutherford for his forthcoming tour with the British Lions; a well deserved honour.
