## Club Notes

---

After three successive games against Welsh opposition, we to-day welcome Gloucester and in particular are pleased to renew acquaintance with Gary White who a couple of seasons ago proved such a loyal member of the Bristol Club. To-day, he returns as captain of Gloucester, and we are confident that he will lead them to a successful season.

Gloucester's visit to-day makes one realise that we are just about to embark on the County Championship Tournament. The County Selectors will no doubt be here in force, and shortly we shall know the result of their many miles and hours of travelling to all parts of the county to seek the best combination to represent them for their first game. We wish them well in their efforts, for it is now thirty years since Gloucestershire last won the title.

Members will be pleased to learn that our captain Derek Neate is now out and about again and will be on the ground to-day. We trust that he will shortly be restored to 100% fitness and that we might once again have the pleasure of seeing him on the playing field.

We have also good news of Richard Wallace who broke his jaw during the trials. He will soon be in action and his return will be welcomed by all especially in view of the heavy programme ahead.

A further reminder that those members requiring Application Forms for this seasons International Matches at Twickenham can obtain these from the Club Secretary, Tom Mahoney.

To-day, as usual we offer a £5 prize for the holder of the number of the programme which will be announced at half-time, and the prize can be obtained from the Pavilion immediately after the game.

Last week's winner for the Swansea programme was:—

W. Davies, 74 Ashley Road, Bristol 6.
