- 15 J. H. HAINES

\* County Players    T Triallists

## NOTES

This evening we welcome our oldest County opponents, Gloucester. They come with a formidable record and can justly claim to be the leading club in England this season.

Once again they pay Lydney the privilege of fielding their strongest available team, conquerors of Cardiff five days ago. No less than 12 have played County rugby and the team includes three England triallists.

Lydney have also enjoyed a profitable season, recording 23 wins to date. Winger Tony Cole appears today having missed five games and he will doubtless be keen to score a couple of tries to level his account with David Crabbe who has scored 26 this season.

---
