County (C)

Trials (T)

International (I)

(Teams subject to alteration)

NOTES:

This evening we welcome Gloucester to Regentsholme, tonight's game has been keenly awaited by all local Rugby enthusiasts due to the splendid form of both sides this season.

The two clubs have had many honours come their way, so a keen and exciting game is expected in tonight's clash. Both sides will be looking to pass the 1,000 points before the end of the season, Lydney only being 3 points short and Gloucester total stands at 956 points.

In the Lydney side, winger David Crabbe will be looking to beat the long standing club record of 32 tries for the season held by John Hampton.

The Lydney Club are greatly indebted to Gloucester for their assistance in the proposed flood lighting of Regentsholme, which the first phase of the system takes place during the Summer recess.
