RUGBY

Notes

It is an honour for Lydney RFC to welcome Gloucestershire and Glamorgan to Regentsholme this evening to play the first major game beneath our new floodlights. Rugby has been played in Lydney for almost 100 years and for so small a town we are proud of our record in the game.

County Rugby has always been keenly followed in the Forest of Dean but this is believed to be the first occasion that the County has played in the area and we are delighted that it should be at Regentsholme.

Gloucestershire has contributed richly to the game of Rugby football while Glamorgan is in the heart of a country which has bred the finest players of the running game in the world. We in Lydney have been said to be neither strictly English nor Welsh. The only thing that is certain is our love of Rugby!

May our knowledgeable supporters be rewarded with an entertaining game of high standard, an expectation which is heightened by the quality of the opposition.

The Lydney club would like to take this opportunity to thank the County officials for playing at Regentsholme and trust that they will find playing facilities to match any club in the west of England. We look forward to future visits!
