WELCOME GLOUCESTER

For this evening's game we extend a warm welcome to our West Country friends, Gloucester. As usual, we expect a hard game with the men from Kingsholm.

Some people seem to think our pack of forwards are nothing but animals. It appears that they are doing their best to destroy what must be one of the finest-ever forward units, through the media, verbally and with the whistle. Opposing packs appear to get away with murder, they drop over on the wrong side of the rucks and mauls and then wonder why they get hurt. Our forwards get booted and knocked about but you never hear them complaining. These boys train very hard, last Wednesday's session in particular was very gruelling and then last Saturday they were destroyed by the whistle. So come on everyone let's have some fair play.

We congratulate the four forwards chosen to play for Wales on Saturday. We hope that all goes well for them, especially for Terry in his first game as Welsh captain.
