Club News

Today, for the final game on the County Ground for our 1st XV this Season we entertain Gloucester who must be one of the greatest clubs in England and who have a great tradition.

Gloucester so far this Season have won 32 games, drawn 3, lost 14, scoring 1,095 points for with 552 against — an especially fine performance in view of their first class fixture list. We look forward to an interesting attacking game of rugby this afternoon and we hope Gloucester enjoy their game and stay with us.
