PROGRAMME NOTE

Spectators will have a splendid chance tonight to see some of the Rugby talent, which is currently available in the county this season.

In this friendly encounter, before the start of the County Championships proper on October 8th, when Gloucestershire play Devon, at Gloucester, every player has the opportunity to shine and gain a place in the county side. It also gives selectors opportunity to judge respective merits of players, before announcing the team which they hope will once again take Gloucestershire through to the final and victory.

With a judicious choice of experienced players --- AND GLOUCESTERSHIRE HAS MANY --- and newer players, tonight's game against our friends, Monmouthshire, should be a match well worth watching.

If you enjoy tonight's game --- and we sincerely hope you will --- come along to the Athletic Ground and support Cheltenham, who are eager to climb back to better times, and need your encouragement, and just a little of your cash!
