MATCH NOTES

The Devon Rugby Football Union welcomes Gloucestershire once again in this Season's County Championship.

We know them to be very formidable opponents and especially as such for the first match today.

Their team brings a splendid record of winning achievements in this competition and without doubt wish to continue such performances. However, Devon had some near results with them during the recent seasons and will make every endeavour to register a win.

The important factor is an enjoyable game for players and spectators.

The Devon R.F.U. wish to thank the Committee and Officials of the Exeter Football Club for their help in staging this match.
