We extend a warm welcome to the Players, Officials and Supporters of **Gloucester** to Polson for to-day's South West Merit Table game. Last September's visit to Kingsholm gave **Launceston** their first taste of the big time and it was certainly an evening to remember. Whilst showing little charity to their visitors on the field of play the **Gloucester Club** showed outstanding hospitality both before and after the game to all who had made a long trip from Cornwall.

After failing to qualify for this year's John Player Cup Competition, **Gloucester** have already ensured entry for next season by finishing in the top four of the South West Merit Table. No doubt they would like to go one better than in 1982 when they shared the Trophy after a drawn game with Moseley. One only has to look back a week to the Thorn EMI County Championship Final and remember the **Gloucester** front fives domination of their Somerset counterparts to realise the size of **Launceston's** task to-day.

With a number of players now recovered from the flu, however, the home side is close to full strength and an entertaining game is in prospect.

Whatever the outcome of the match, the **Launceston Club** will be doing its best to repay the **Gloucester Club's** hospitality and hope that all who made the trip down to **Cornwall** have a thoroughly good time.
