Gloucester RFC

Gloucester RFC come to Stradey Park this evening with problems similar to the Scarlets — that of inconsistency.

A Club with great traditions — Who can forget their great championship winning side of 1981-82? The name Gloucester symbolises great forwards, which have provided the foundation for England teams over the years.

Gloucester and Llanelli have met nineteen times since the War, Llanelli winning twelve and Gloucester four, with four matches drawn.

A warm welcome to our west country friends, and may we all enjoy a good game.

Llanelli RFC

A defeat last Saturday against Bath made it three defeats in a row, not a very good start to the season. However, until the sending off of Rhys Thomas, the Llanelli lock-forward, in the twenty-sixth minute of the second half, the score was just twelve points to nine in Bath's favour, and the Scarlets were on the attack.

Young players making their debuts made an impact. Steffan Jones showed that he is a class player in the making. Wyn John, the Llanstephan born lock-forward, had a promising debut as did Peter Davies at prop-forward.

Although the result wasn't satisfactory, it does appear that the future of the Club is in good hands.
