**CROSS STREET,  
CAMBORNE**

## **Cherry & White Notes**

Today brings one of the great rugby giants here to the Recreation Ground in the form of Gloucester, to whom we extend a very warm welcome. They are indeed in great form this season, being the only English side to defeat the mighty Bath and last Saturday put 44 points on London Irish.

We are indeed delighted to see them here this afternoon and hope that both teams and all spectators will enjoy the match and will have cause to remember the afternoon. We hope they will enjoy their stay in the Duchy and will be back to see us again in the not too distant future.

Last Saturday Cornwall brought off another magnificent victory at Redruth against Somerset, with our players again excelling themselves. It is indeed a great pity about the defeat at Gloucestershire, which could have put us into the Thorn-EMI semi-finals. All our players must have learned considerably from their experience this year and have very promising careers ahead of them.

On Sunday we had a relatively easy win over the Cornwall Junior Group in a game which never really came to life, except in occasional glimpses. Although in fairness we did make seven changes from our normal side and again shows we have good strength in depth, and congratulation to the players who stepped in.

Next Saturday we are at home to Newquay Hornets in the Cornwall Merit Table, kick-off 2.45 p.m., when we shall be hoping to complete the "double" over them. The next round of the Cornwall Knock-Out Cup for us is at Falmouth on Sunday, 15th December, kick-off at 2.30 p.m., in case extra time is needed.

During the interval today we have a collection for the "Mini" Section of the Club which, although only recently re-formed, is really taking off very well under the guidance of Denis Gorfin and his band of helpers. Please give generously as these are hopefully the future of the club and are very worthy of your support.
