We extend a very warm welcome to the Gloucester Club, its players, committee

Gloucester Club, its players, committee men and supporters. Today's game between the Blues and the famous Cherry & Whites will be the fourty-eighth game played between the clubs without a single fixture ever being cancelled

without a single fixture ever being cancelled or postponed.

Bedford first played Gloucester at Kingsholm in 1905 when Ronnie Maclean was captain of the Bedford club. However according to the "Bedfordshire Times" he could not play as he had twisted his ankle changing trains at Temple Meads Station in Bristol. One can hardly think he would have Bristol. One can hardly think he would have made a great deal of difference to the score of 52pts–5pts in their favour!

No other fixture was arranged until 1937 but for the last fifty years (apart from the war years) they have been on our fixture

Playing records to date:-

HOME P W D L

1905 1937-1939 2 1 -1945-1987 20 9 2 22 10 2 10

AWAY W D L 2 16 1945-1987 21 3 25 5 2. 18

TOTAL. P WDL 1937-1939 1945-1987 41 12 47 15 4 28

In recent years Gloucester have usually proved the stronger side, particularly up front but most games have been closely fought. Four seasons back our pack played magnificently in our 14pts-6pts win at Goldington Road. We actually scored a push over try with Ian Peck touching down. Bedford's other try scorer was Richard Eales, with Simon Smith adding two penal-

For a little nostagia the Bedford team that day was: A KEY, K HOPKINS, B MACKAY, J MOSES, K CANNING, S SMITH, I PECK, A BATHIE, A

WALFORD, G BYRAVES, P CATLING, R WILKINSON, N BENNETT, R EALES & A WHITEHOUSE.

During the war a number of Gloucester players were stationed in the Bedford area for a time and played for the club.

More recently Richard Pascall gave

excellent service to both clubs. However it must be a fairly unique case for John Orwin who has had the honour of captaining both clubs

The Gloucester Club was formed in 1873.

Women's Rugby at Goldington Road

Directly after the Bedford v. Gloucester game today you will have the opportunity to see, for the very first time at Goldington Road, Bedford, women's rugby football on the 1st XV pitch (subject to weather). This game is very much in the form of an experiment in addition to helping the Cutler Hammer Women's XV raise funds towards their RFU affiliation fee.

their RFU affiliation fee.

Their opponents today come from the Richmond club, who man a 1st and 2nd Women's XV. There are several women's teams in the London area, Wasps being another senior club who are actively involved in women's rugby.
