## LONDON SCOTTISH

Welcome to 1990 and the start of a new decade, one which all of us at London Scottish are determined to play a leading role and put our Club at the forefront of the changes which are taking place in the game today.

We shall endeavour to build a Club to match the results of the first XV which, during this new decade, will rival the great teams of yesteryear and become a major force in British rugby.

Well I shall take this opportunity of wishing you all a prosperous New Year and to welcome our friends from Gloucester with whom I am sure, we shall have a most enjoyable game.

Robin  
Marshall

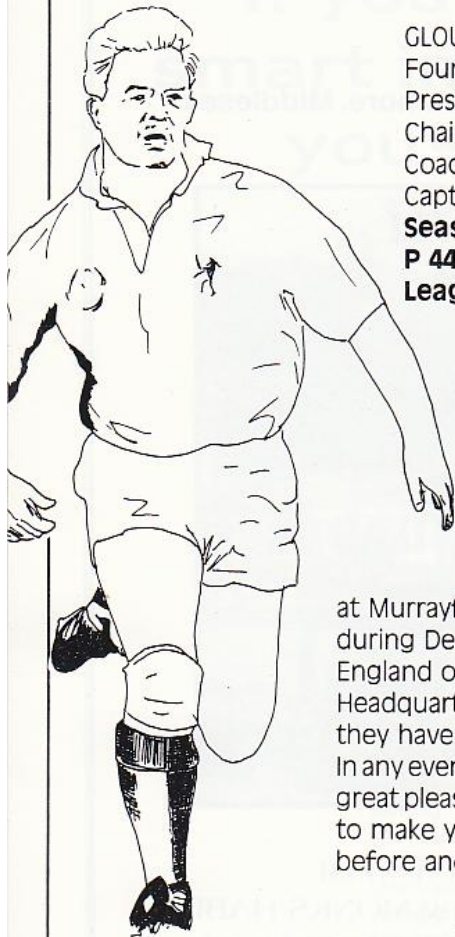

### MAN OF THE MOMENT

Old 'limp along' himself — Ian Morrison who has come back sooner than we had all hoped, from a badly broken ankle.

### Season 1988/89

**P 44 W 34 D 1 L 9 For 1028 Against 525**  
**League Position 2nd**

Gloucester are now second in Division One but must be kicking themselves after dropping a point to Saracens at home, after leading 21-6 at half-time. Its good to have Don Caskie in the team after his travels with the Anglos. I am sure he will be made more than welcome today — off the park I might add, by his old friends.

Incidentally, we were all disappointed not to see him at Murrayfield today after his performances for the Anglos during December.

England obviously did not want us reporting back to Headquarters about their re-juvenated No. 8. Mike Teague, so they have sent him off the Portugal.

In any event, with or without Mike Teague, it gives us at Scottish great pleasure to welcome you today and we shall do our utmost to make you welcome in our Club House this afternoon, both before and after, what we hope will be an exciting match.
