#### SAVING THE BEST FOR LAST

And what's more, it's a second helping! Few people would argue that 'Quins visit to Kingsholm in January produced one of the most exciting matches of the season. From being twelve points down, Gloucester came back to such effect that a minute or two's more injury time could have reversed the result. Having said that, I think I'd admit that Harlequins just had the edge on the day; after all, you can't give a side of that quality twelve points start and expect to win.

As we all know, that was the day when Gloucester lost interest in the Pilkington Cup. As for the Final, I'm sure we'd all want to wish Harlequins the best of luck next Saturday. While there must be a little sentiment in favour of the happily resurgent Northampton side, it would be nice if we could say that, yet again, we were beaten by the eventual

winners of the Competition.

League points are at stake today, of course, and although the result won't affect the Championship, it's worth remembering that Gloucester have now lost their last three Courage games, and there's a little bit of pride at stake. While Gloucester never whimper, it would be nice to go out with a bang.

Quite apart from all that, the visit of Harlequins is always a special occasion. Our two Clubs have been trying conclusions, almost since William Webb Ellis, and in some ways, such traditions are more important than mere Cups and Championships. The structure of the game changes and evolves with the times, but as long as fixtures like this one persist, they will always be the backbone of the greatest winter game of all.

Sorry about that. The end of another season always makes me a bit philosophical. And one such piece of philosophy is that any side visiting Kingsholm should have a thoroughly enjoyable visit, win lose or draw. I hope and expect that

Harlequins will find that the case today.

#### THANKS TO TEWKESBURY PRINTING

It's only right to express gratitude to our generous

Sponsors, but when sponsorship of a major game falls by the wayside about ten days before the event, we're positively overjoyed when a completely new benefactor leaps into the breach at infinitesmal

That's what's happened today. We all understand why Dowty felt they must withdraw, and sympathise with their dilemma, but it has given us the opportunity to make acquaintance with Tewkesbury Printing, a Company barely six years old, which is already making a considerable impact in a notoriously difficult field. They're based in a modern factory, just off the M5 at Tewkesbury (naturally), and attribute their success, quite simply, to a very high level of service.

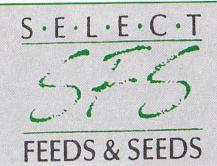

Managing Director, Peter Siddall writes "Our business has been built up on personal relationships and personal service. Happy and satisfied clients increase our business." Seems logical to me.
Summing up, Tewkesbury Printing 'specialise in

producing quality print, at a competitive price, and delivering the work on time'. That's the strategy. The tactics are to use a high level of print and process technology, including computerisation, at the fingertips of experienced, qualified and committed staff, to achieve that aim. The success of the company so far is a fair indication that the philosophy works.

Peter Siddall again: "We want you to keep coming back to us." A worthy ambition, with which we heartily concur. Have a great day, Tewkesbury Printing. Thanks again — and keep coming back to

### WELCOME HOME

As you may have read in the Press, Mike Burton was instrumental in persuading Tewkesbury Printing to support us today at such short notice. More accurately, his company was. The distinction is important, and we don't particularly want to go into details now. Indeed, Mike Burton Management don't become involved, officially, until next Wednesday, so today's effort is above and beyond the call of duty. But then, 'Burto' was always one for

By appointment to GRFC and also suppliers of grass seed to Cinderford and other Rugby Clubs

\* Suppliers of all lawn seeds \*

\*Large or small orders catered for \*

Contact Bob Osborne on 0452 76511 or 0860 590330 (Car)

making things happen.

Thanks for that, Mike, but my main point, today, is to welcome one of the finest prop forwards any of us has seen back to Kingsholm. No one ever loved Gloucester RFC more than he does, and it's great to see him back where he belongs.

#### LAST CHANCE

The date for applications being next week, you just about have time to do something about World Cup tickets, should you feel so inclined. The only way to get an application form is to write to the World Cup Ticket Office, here at Kingsholm, asking for an Application Form, which will give you full details. Don't forget to include your Membership Number.

It's worth reiterating that the All Blacks game against the United States, here at Kingsholm, is beyond the control of Gloucester RFC. We're not organising it in any way at all, so don't have any influence over the ticket allocation. Terry Tandy's estimate is that we shall get about eighty tickets, top whack, so pot luck is the name of the game. Still, if you don't apply — one ticket per Member — then you have no chance at all, do you?

#### WELL DONE, EVERYONE!

You'll remember the collection made at the Bath game, for the benefit of the young Bath Colt, confined to a wheelchair after breaking his neck against Nottingham, in a game witnessed by many Gloucester supporters. I'm delighted — but not particularly surprised — to be able to tell you that Gloucester RFC were able to send a cheque to the Trust Fund for no less than £2,000, as a result.

Actually, the collection raised £1990-something, but it would have been cheese-paring in the extreme not to have made it up to the round figure. The generosity of the sometimes-abused Kingsholm crowd in such circumstances is legendary, and this time, you certainly enhanced that reputation. Thanks to everyone.

#### CHEERS TO 'HAMBO'

I see that Mike Hamlin has decided not to stand for re-election as Club Captain for next season. I can understand his reasons; two years in the job, these days, is a sufficient stint for most people, and 'Hambo' has had a tough couple of terms, during which, I would remind you, he led us to a Cup Final and second place in the League Table — while also turning out, on occasion, for the Division and England 'B'.

He has served the Club well, bringing good sense and even some dignity to the job. A nicer bloke never pulled on a cherry-and-white strip. He still has a great deal to offer, in terms of playing, advising and sheer example to young players in how to maintain the spirit of the game.

He'll be a hard act to follow, and next season's Ground Centenary provides his successor with a particularly testing challenge. Luckily, we don't have to wait long to find out who that will be, the Players' Meeting to decide such matters being as early as next week. I've heard three or four names bandied about, but the decision is entirely in the hands of the lads, which is as it should be. We all wish them success in their deliberations, and wait with breath bated.

#### THANKS ALL ROUND

If I were to try to list all the people and organisations worthy of our gratitude at this stage of the season. I would be sure to offend someone by leaving them out. So I won't try, merely contenting my self with saying that we really are grateful to everyone who has helped in the kaleidoscope of jobs which need doing, year after year. The Club simply couldn't function without you.

I will make one exception, however, Peter Gould and John Hiley have been organising Sponsorship at Kingsholm for some seasons now, purely for the love of it. They also organise the very programme which you are reading, also simply to help the Club.

I assume that those functions will now be taken over by the new Management Company, so it's only right to express thanks to Peter and John for their stirling efforts over the years. It's been great working with them.

#### TAILPIECE

Of course, I could be out of a job myself. I leave it to you to decide whether that's a blessed relief or not. Meanwhile, Summer well.

### TALKING RUGBY with Mike Harris

Gloucester's season has trailed off over the last month with three consecutive Courage League Division One defense and they badly need a win oldsy to finish the season on a high note. Compared with the achievements of last season when Gloucester came second in both the league and the cup, the 1990/91 campaign must be seen as a lisapopointing on	Cup fir weeker include	their nal a id.
