FOOTBALL.

TO-MORROW'S MATCHES.

GLOUCESTERSHIRE v. CORNWALL.

This important match will be decided at Kingsholm. The close fight the Cornishmen made against Devon last Saturday adds additional interest to the game, and providing the weather is favourable there should be a large attendance of spectators. The railway companies are running cheap trains from the surrounding district, and as practically there is no other match of note down for decision in the county there should be a numerous influx of visitors. One or two alterations have been made in the Gloucestershire team, but it is expected the sides will turn out as follows : —

GLOUCESTERSHIRE.

CORNWALL.
